Docket No. 98N-1265 7743 99 MAY 10 P3:33
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I know of no commercial or local
pharmacies which carry Tri-estrogen and
natural progesterone. I do not want to
return to the state I was in before I was
able to obtain these hormones - through the
cooperation of my doctor and Madison Pharmacy.
It certainly seems I should have the right
to choose where I obtain the medicine I
need. This is a PERSONAL choice - and one
in which government intervention does not
belong. ARP will be furious!
